

## BOYS' HOME

### Program Description

The Boys' Home provides services to troubled male youth between the ages of 10 & 16 who are currently unable to live in a "family/home" situation. The Home provides a structured residential treatment program that includes education, recreation, summer work, individual, group and family counseling as well as aftercare services. The County contributes to the operational budget of the Home. (Agency)

### Program and Services

- Strive to have the boys returned to their families, school and community as responsible and contributing members of society.
- Provide parental training, guidance and follow-up for a positive adjustment in the home.

### Significant Changes

There are none.
