GENERAL FUND – FUND BALANCE ANALYSIS

Positive fund balances are considered to be available for future spending unless they have been assigned or committed for a specific spending purpose. The chart below reflects total General Fund - Fund Balance after encumbrances and projects carried forward into the new fiscal year are recognized. The dollar amounts on the individual bars represent the unassigned, assigned, committed and non-spendable portion of the General Fund - Fund Balance.

The FY 09 year-end fund balance, according to the Spartanburg County Comprehensive Annual Financial Report (CAFR) was \$5,197,830 including all fund balance categories. The FY 2009/10 General Fund Budget included a net contribution to fund balance of \$2,250,000.

For FY 2010/11, approximately \$642,071 will be unreserved and transferred to the Capital Projects Fund for the replacement of Roads and Bridges equipment and vehicles, and other General Fund vehicles scheduled for replacement. For FY 2010/11, it is recommended that a net contribution to fund balance be made in the amount of \$2,357,986. The fund balance is projected to be \$9,805,816 with \$ 8,241,155 unassigned and \$1,564,661 assigned, committed, or non-spendable. The unassigned portion of fund balance is considered to be available for future use, offering financial flexibility and security.

County Council's policy is to maintain ten percent (10%) of General Fund expenditures in its available fund balance. The size of the fund balance can affect its ability to withstand financial emergencies. For this fiscal year the budget reflects contributions to the unassigned fund balance. Any excess revenues over expenditures at the conclusion of the current fiscal year will be added. Much depends on the circumstances, such as the kinds of natural disasters or hardships that the County may be subject to and

the adequacy of its insurance coverage, the flexibility of the revenue base, the overall financial health, new state regulations, and national economic conditions.
