SECTION 2. A bound copy of the Capital Improvement Plan supporting the appropriations set forth in this ordinance shall be attested to by the Clerk to County Council and maintained in the offices of the County Administrator, the Director of Budget Management, and the Clerk to County Council.

SECTION 3. The County Administrator shall have the authority to transfer appropriated funds within the designated expenditure categories as long as the projects fall under the same functional category. Significant changes to the scope of the project will require County Council approval through a resolution.

SECTION 4. Funds allocated but unspent during the fiscal year in capital accounts designated in the County Administrator’s Recommended Budget shall be recognized as part of a multi-year capital projects funding and be carried forward and transferred to the Capital Project Fund for the purpose of completing each capital project.

## **Part II Enacting Provisions**

SECTION 1. If any section or item or any part of this Budget Ordinance shall be declared invalid, it shall not be construed to affect the validity of any other section or item hereof.

SECTION 2. All provisions of Part I of this Ordinance shall take effect on the 1<sup>st</sup> day of July, 2008.

SECTION 3. The Spartanburg County Capital Improvement Plan shall be reviewed and revised by the County Council annually based on established priorities and subject to availability of funding. The County Administrator shall be charged with the responsibility of administering the Plan, including property acquisitions, sales or divestures and leases, necessary to achieve the ultimate Plan goals as established by County Council.

SECTION 4. The County Administrator is directed to preclude expenditure of all appropriated funding included in the FY 2008/09 Capital Year Budget and FY 2009-13 Capital Improvement Plan related to the Water Park Development until such time as the Spartanburg County Council has reviewed and by motion accepted information pertaining to a market feasibility and site location analysis.
