This widening project will address increased traffic created by the school and anticipated growth in the area.

Completion of the projects will provide improved traffic flow on Gin House Road, improve the condition and enhance safety for motorists utilizing this county road, and provide additional capacity in conjunction with a proposed elementary school opening.

There will be no significant maintenance costs associated with this widening project for the first five years after construction.

### Project Status (as of July 1, 2009)

Planned/Programmed project, with funding beginning FY 2012/13. Original project costs were estimated at \$550,000 in the FY 2008-12 CIP however; the City of Greer annexed a portion of the road resulting in a shorter roadway section requiring widening by Spartanburg County. New project costs estimates are now \$480,000 based on the revised scope of work.
