

Hampton Road Bridge Replacement

Requesting Department/Division: Public Works/Roads and Bridges
Project Manager/Contact: Steve Belue/Ron Kirby

Estimated Start Date: July 2014
Est. Completion Date: June 2016

Project Category: New Construction/Rehabilitation/Remediation **Project Status:** Planned/Programmed Project
Project Number: TBD

Project Description, Justification and Location

This project will replace the Hampton Road Bridge where it crosses the North Tyger River, approximately 4.5 miles southwest of the Town of Inman. The bridge is subject to flooding. The river runs at an angle with the piles catching debris, creating a constant maintenance problem. The road is heavily traveled, and if not replaced, will eventually have to be closed to heavier traffic. It will be replaced with a ninety foot (90') span that will address the flooding and debris problems. A section of the road will be raised to match the new bridge, requiring additional fill material. Design, engineering and land acquisition are scheduled for FY 2014/15, with construction scheduled in FY 2015/16.

Benefits to Residents, Visitors, Businesses, or County Employees

Replacement of the bridge will improve motorist safety, as well as avoid putting additional load restrictions on the bridge in the future.

Impact on Annual Operating Budget

Annual maintenance costs from FY 2012-16 will be minimal.

Project Status (as of June 30, 2011)

Planned/Programmed project with funding scheduled to begin in FY 2014/15.

Project Expenditures and Funding Sources
