

IMPORTANT NOTICE TO VICTIMS

Pretrial Intervention has the responsibility of disbursing the restitution funds, which Solicitor Barnette or his assistant solicitors have obtained on your behalf from participants in our program. It is critically important to the PTI restitution process that the PTI office be informed of any change of address for your checks. Since these checks cannot be forwarded, it is important we mail them to the correct address for you to receive your money on time. All unclaimed restitution monies will be held one year from the PTI participant's successful PTI completion. The money will then be transferred to a general victim's fund for emergency needs. **You may advise us at any time of your address change by calling this office at 864-596-2630.**
